

## What is the research about?

The research aim is to evaluate whether our new program, TOPS (Therapist-assisted Online Parenting Strategies) can help parents to support their adolescents who are experiencing anxiety and/or depression.

#### What is involved?

- Participation only takes a few hours over 12 months
- You & your adolescent complete online surveys at 4 time-points: when you first register, before starting the program, and 4 & 12 months afterwards

### You receive:

- Access to an individually tailored online parenting program
- Practical strategies to parent more confidently
- Tailored goals to help put these strategies into practice
- Regular contact with a TOPS-coach via videoconferencing to help you apply strategies to your own situation

To say thank-you, you & your teen will each receive e-vouchers over 4 time points (worth up to \$50 in total per person)

### Who can participate?

Parents or legal guardians with their adolescent (aged 12-17 years):

- The adolescent needs to be receiving treatment for anxiety &/or depression from a mental health professional/service
- Have internet access, & consider themselves proficient in English

### Interested?
