

The Mission Australia Youth Survey is turning 20! We would love your support and participation

What: The Youth Survey is Australia's largest annual survey of young people. The online survey is open to young people between the **ages of 15 and 19**, and takes 15-20 minutes to complete. Key focus areas include: housing, disability, experiences of unfair treatment and stress management.

When: Open **31st March – 9th August 2021**

Why: By participating in the survey you will be helping us reach more young Australians; making sure their voices are heard. Every additional survey completed helps us gain a clearer picture of what is happening for the emerging generation in our country.

But that's not all!

Schools and groups receiving 100+* responses are able to receive a **FREE**, tailored report based on your local data.

These reports detail key findings specific to your young people and compare them against state-level results.

All you need to do is visit the [Youth Survey Toolkit](#) and complete the participation or consent form to register for the Youth Survey and get your unique code.

* Unless another amount is arranged

How: Visit the [Youth Survey Toolkit](#) to register for the Youth Survey and get your unique code.

Visit the [Annual Youth Survey](#) website to 'Take the Survey!'

You can also help us by promoting the survey through your networks or social media.
